About us

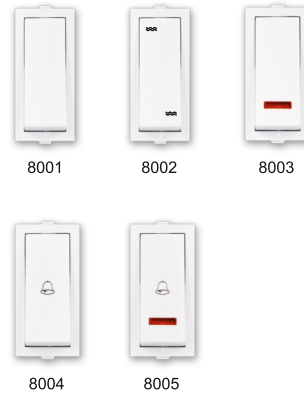

Established in 1986 by Shri Nemi Chand Jain & Shri Suresh Kumar Jain in Bangalore, Nandicab Electricals first started as retailer of leading electrical brands in our country. Mr. Ankit Jain joined the business and starts supporting company with new vision and new developments in products and technique according to latest technology in 2010 the company ventured into the marketing of wires and cables under the brand Nandicab. The company set up its first factory in Delhi, to manufacture wire in 1986. Then the company started manufacturing Modular switches and launched its first brand Nandicab called Vayu. Following the success of the switches, Nandicab established a factory for manufacturing of wires and cable in Ahmedabad, switches and accessories in Vasai in Mumbai in 2011. The company set up its tool room facility in 2011 and a year later, launched the Vayu+ range of modular switches. In following years into various product categories and expanded the business to includes LEDs, Doorbells, accessories like night lamps and spike guards, MCBs, Dbs, in August 2013, the business turn over in 2018-19 was 400 crores with having 150 employees all over India.

ELECTRICAL PRODUCTS

Royalty in tastes would naturally mean royalty in comfort level and that sure means exclusive consideration in the making itself- of the idea. Manufacturing is nothing less than awesome, full of precision. An inspiration such as this cannot be conceived without the attribute of responsibility and promise and both these are requisites that need to be set as milestones.

Modern technology is emancipated at our plants to ensure consumer satisfaction and assurance is a promise that is a basic qualification at our labs. Vision is the power-plug that keeps our technology futuristic with our consistent approach towards understanding and meeting our consumer choices and selection

Nandicab® eavoring to light up your life with elegance, durability and assurance and our R&D team makes sure our consumers' homes and work places are lit up both with variety and durability.

Our team ensures product exclusivity, richness of design, maneuverability convenience and consumers' exaltation, and last one is the utmost and not the least.

ELECTRICAL PRODUCTS

Royalty in tastes would naturally mean royalty in comfort level and that sure means exclusive consideration in the making itself- of the idea. Manufacturing is nothing less than awesome, full of precision. An inspiration such as this cannot be conceived without the attribute of responsibility and promise and both these are requisites that need to be set as milestones.

Modern technology is emancipated at our plants to ensure consumer satisfaction and assurance is a promise that is a basic qualification at our labs. Vision is the power-plug that keeps our technology futuristic with our consistent approach towards understanding and meeting our consumer choices and selection

Nandicab® eavoring to light up your life with elegance, durability and assurance and our R&D team makes sure our consumers' homes and work places are lit up both with variety and durability.

Our team ensures product exclusivity, richness of design, maneuverability convenience and consumers' exaltation, and last one is the utmost and not the least.
